

Headset Set-up

1. Place main headphone on the main base and plug to power and switch on
 - *Yellow battery symbol should come on with lightening flash to confirm it's paired up*
2. Take off and put the main headset on
3. Place second headset on main base.
 - Will display 'sec' and 'no'
 - Press 'sec' (as in secondary)
Should hear a couple of beeps, then press the button on your headset to confirm (need to confirm within 3 secs)
4. Take secondary headset off and check the microphone.
5. Repeat steps 3 - 4 with all other headsets
