

# Welcome

Your health care team are here to support you on your journey home as a family.

The information provided will assist your learning and also be a future reference. You will also be given the opportunity to practice your skills outside the hospital with the Simulation Team before going home. Your health team will guide you give you lots of opportunities to ask questions, and then practice with you until you feel confident.

Your child's ventilator has been designed to be used by families at home. We will work with you until you are confident in your skills. Everyone learns at different paces and in different ways. You will get as much support as you need, and if we can help you in particular ways just ask.

**There are a number of topics to learn about:**
